

# eStreaming application- the best price finder

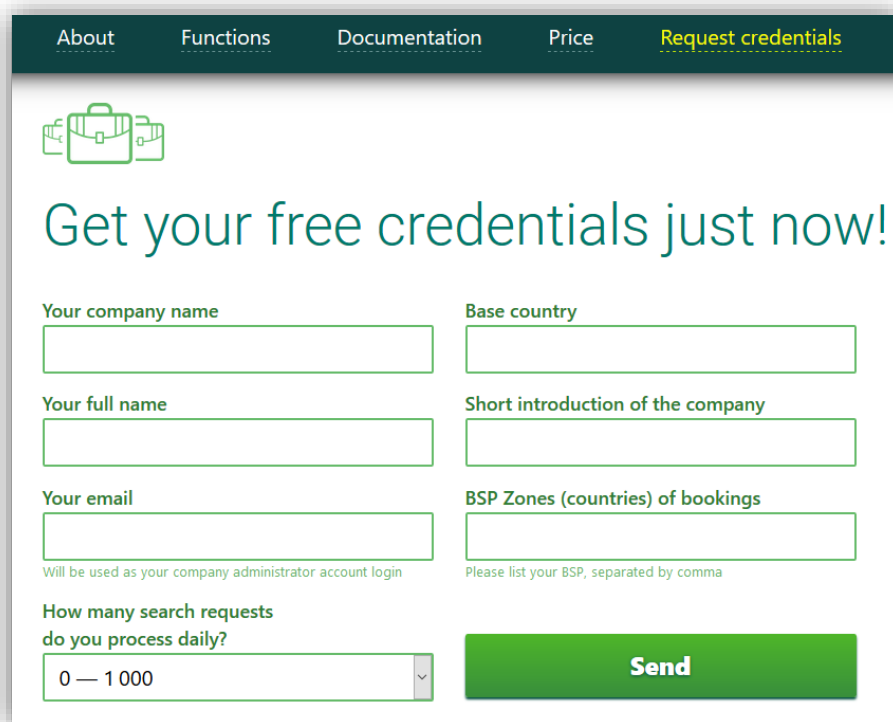

Getting Started Guide

## STEP 1

Go to eStreaming pages - <http://estrapapi.cee-systems.com/>

## STEP 2

Request your credentials.

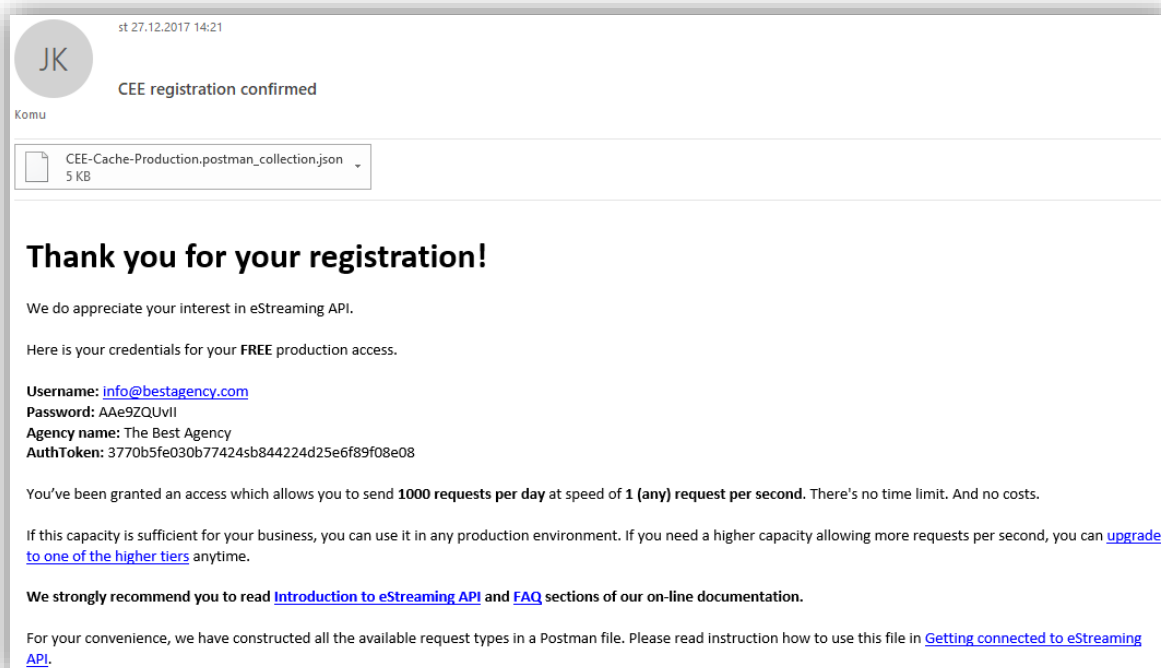

The screenshot shows a web form for requesting credentials. The header has navigation links: About, Functions, Documentation, Price, and Request credentials (highlighted). The main heading is 'Get your free credentials just now!' with a briefcase icon. The form fields are:

- Your company name
- Base country
- Your full name
- Short introduction of the company
- Your email (with a note: 'Will be used as your company administrator account login')
- BSP Zones (countries) of bookings (with a note: 'Please list your BSP, separated by comma')
- How many search requests do you process daily? (dropdown menu showing '0 — 1 000')
- A green 'Send' button.

## STEP 3

Please check your email for further instruction. You will receive registration email with unique authorization Token.

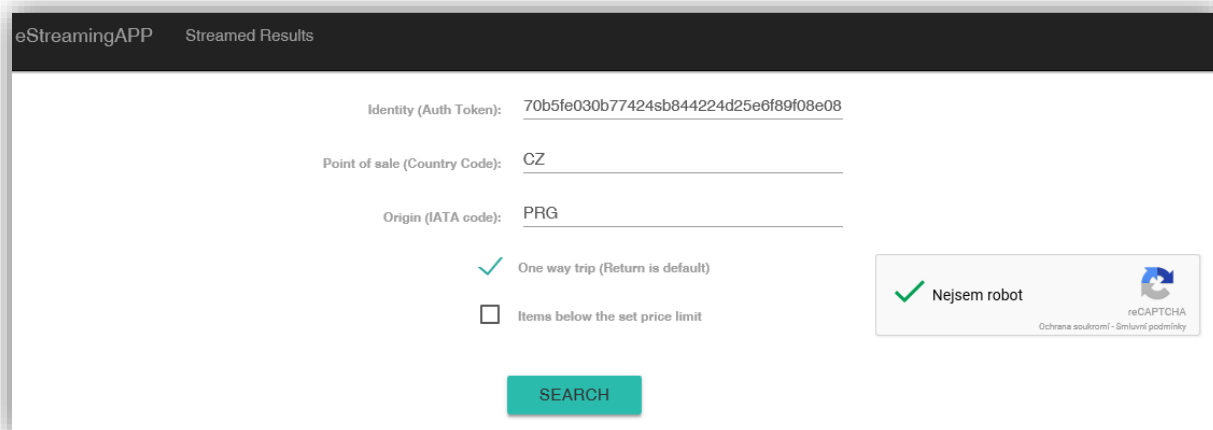

The screenshot shows an email from CEE with the subject 'CEE registration confirmed'. The email content includes:

- A greeting: 'Thank you for your registration!' and 'We do appreciate your interest in eStreaming API.'
- A statement: 'Here is your credentials for your FREE production access.'
- Registration details:
  - Username: [info@bestagency.com](mailto:info@bestagency.com)
  - Password: AAe9ZQUvII
  - Agency name: The Best Agency
  - AuthToken: 3770b5fe030b77424sb844224d25e6f89f08e08
- Access details: 'You've been granted an access which allows you to send 1000 requests per day at speed of 1 (any) request per second. There's no time limit. And no costs.'
- Upgrade information: 'If this capacity is sufficient for your business, you can use it in any production environment. If you need a higher capacity allowing more requests per second, you can [upgrade to one of the higher tiers](#) anytime.'
- Documentation recommendation: 'We strongly recommend you to read [Introduction to eStreaming API](#) and [FAQ](#) sections of our on-line documentation.'
- Postman file: 'For your convenience, we have constructed all the available request types in a Postman file. Please read instruction how to use this file in [Getting connected to eStreaming API](#).'

## STEP 4

Go to web application <https://estreaming-app.cee-systems.com/>. Insert authorization Token received in email, insert Point of sale and Origin.

eStreamingAPP Streamed Results

Identity (Auth Token): 70b5fe030b77424sb844224d25e6f89f08e08

Point of sale (Country Code): CZ

Origin (ATA code): PRG

☒ One way trip (Return is default)

☐ Items below the set price limit

☒ Nejsem robot   
Ochrana soukromí - Smluvní podmínky

**SEARCH**

## STEP 5

You will receive results from all searches from Point of Search set up in form.

Price ↑	Currency..↕	From ↕	To ↕	There ↕	Back ↕	Carrier..↕
			<input type="text"/>	<input type="text"/>	<input type="text"/>	
2500	CZK	PRG	PAR	20180616	20180617	AF
2576	CZK	PRG	CPH	20180316	20180320	SK
2590	CZK	PRG	MST	20180209	20180211	KL
2597	CZK	PRG	EIN	20180117	20180130	KL
2716	CZK	PRG	HAM	20180310	20180312	A3
2748	CZK	PRG	VCE	20180301	20180304	A3
2776	CZK	PRG	LYS	20180324	20180325	AF
2786	CZK	PRG	MIL	20180306	20180308	A3
2809	CZK	PRG	AAH	20180114	20180119	KL
2829	CZK	PRG	IST	20180518	20180527	A3

## STEP 6

You can set a price limit for further searches.

From	To	There	Back	Carrier	Price limit	
PRG	PAR	20180616	20180617	AF		Set limit
PRG	CPH	20180316	20180320	SK	2,800.00	Update  Cancel
PRG	MST	20180209	20180211	KL		Set limit

All prices below this limit will be highlighted in results. Or you can use “**Item below the set price limit**” to filter from all rest results.
